

# Call for Presenters

Students for Students National Leadership Conference  
2010

25 & 26 September 2010  
University of Wollongong

The 2010 S4S National Leadership Conference is in its 4<sup>th</sup> year and in 2010 we will be presenting the theme "Beyond All Odds".

Leadership is fast becoming one of the most valuable attributes of human beings alike. Likeminded Tertiary students from across Australia gather to take advantage of the opportunity to explore aspects of leadership, develop their skills and knowledge and facilitate interaction with concurring individuals.

The conference provokes thought, creates discussion and challenges the perceptions of the delegates about the world around them. Delegates will experience stimulating guest speakers, engaging workshops and the opportunity to network with high profile leaders and other students. In provoking such thought we aim to create a space where delegates can be challenged to understand the issues facing them as they become leaders in this world. We want to encourage discussion and internal dialogue about their own values, knowledge and perceptions.

If you are a presenter who can inspire others and have an interesting story to tell then we would love to hear from you.

Call for sessions are now open and final submissions closes on 23<sup>rd</sup> July 2010.

## Some of the topics to be covered during the conference include:

- **LEAD:** Leadership in the community, relationship building and management, mentoring, motivating teams, engaging and connecting with those we lead and volunteerism.
- **EMPOWER:** Being a leader and seeking to achieve goals, goal planning, how to have an impact at a local / global level, what we can do today to achieve and assist for the greater good
- **ASPIRE:** Speakers who have inspiring stories, speakers who have gone on to achieve in their career/chosen field, practical tips on how to keep motivated and thrive, personal testimonies and practical applications
- **DEFY:** How to keep going when the going gets tough, how to overcome hardship, achieving in the light of adversity

We are open to presentation ideas and are supportive of new speakers who wish to present their topic. We want to assist in the journey of these young leaders with your stories.
